Mix of light aggregates / Aggregate mix of 2 to 3 mm in size

ARDEX K 523™

Self-Leveling Concrete Topping with Aggregate Surface

Mix of light and dark aggregates, for a salt and pepper look / Aggregate mix of 2 to 3 mm in size

ARDEX K 530™

Decorative Concrete Topping

Resurface indoor concrete and certain non-porous surfaces / Use as a binder for custom aggregate and colorants / Natural white color - can add decorative aggregate and pigment

ARDEX Architectural Surfaces allow for a wide array of finished surfaces that install fast thanks to an exclusive self-drying technology, and last for decades. ARDEX Architectural Surfaces are flooring toppings that range from turn-key Pour and Seal to designer or artistic floors that can match any designer's vision. When you install ARDEX Architectural Surfaces, you'll have a beautiful, durable floor for years to come.

- Provide consistent, smooth floor with unique finish.
- Create a polished concrete aesthetic that is more uniform and consistent in appearance than polishing the existing concrete.
- Virtually unlimited design opportunities with options to add color, decorative terrazzo strips and additional aggregates.

MICRO-TOPPINGS

ARDEX SD-M™

Designer Floor Finish™

5000 PSI at 28 days / Walkable in as little as 2 hours / Begin processing in 24-72 hours / Available in gray and white
